AxisCare Announces Partnership With Viventium Aimed to Streamline HR and Payroll Processes for Home Care Agencies

AxisCare partners with Viventium to streamline HR and payroll processes for home care agencies, improving efficiency and caregiver satisfaction.

Published October 16, 2025

WACO, Texas – October 16, 2025 – AxisCare, a leading provider of home care software, is pleased to announce its partnership with Viventium, an industry-leading payroll, HR, and compliance platform built exclusively for healthcare. This partnership aims to ease the administrative workload associated with home care payroll and human resources by means of automating payroll, workforce management, and compliance.

This collaboration is designed to help home care agencies navigate complex pay structures, overtime rules, and ever-changing state and federal labor regulations– freeing up more time for agency owners to focus on care delivery.

This partnership encompasses an integration where new hires flow from Viventium's HR platform into AxisCare, eliminating the need for duplicate data entry. In addition, AxisCare clients can generate preformatted payroll files that can be uploaded directly into Viventium.

The integration delivers key benefits for agencies, including:

- **Accurate payroll automation** across multiple pay types and locations.
- **Simplified compliance** with insight into current labor and wage regulations.
- **Improved caregiver retention** with Employee Self-Service (ESS) tools, giving staff instant access to pay stubs, W-2s, and HR resources.
- **Faster onboarding** by syncing employee data between Viventium and AxisCare, reducing manual entry and helping caregivers enter the field at a higher rate.

"At AxisCare, our mission has always been to give agencies tools that remove operational burdens so they can focus on their clients," said Courtney McCormick, Director of Integrated Partnerships at AxisCare. "This integration with Viventium helps agencies tackle one of the most complicated and time-consuming parts of their business – payroll and compliance – while also giving caregivers a better experience."

"Home care providers operate under unique pressures when it comes to workforce management," said Navin Gupta, CEO of Viventium. "Our collaboration with AxisCare brings

agencies a purpose-built solution that makes payroll and compliance simpler, while helping agencies improve caregiver satisfaction and retention."

AxisCare clients can now access the integration to streamline payroll, HR, and workforce compliance.
