Top 20 Nurses of 2020

The World Health Organization designated 2020 as the year of the nurse. We want to finish off the year by showing our appreciation and spotlighting the top 20 nurses of 2020.

Published January 8, 2021

The World Health Organization designated 2020 as the year of the nurse. Our friends at Apploi coordinated an effort to highlight top nurses in 2020. Viventium CRO Gabriel Rizzi was a judge for this outstanding event and talked about the experience. "It was an honor participating in a program that recognized the best of the best of our front line nursing heroes this past month. Congratulations to all of the nominees for all you do every day!" Meet the top 20 by clicking on the button below.
