BERKELEY HEIGHTS, N.J., Aug. 12, 2021 (GLOBE NEWSWIRE) -- Viventium, a SaaS-based human capital management solution, and Apploi, a national provider of recruiting, applicant tracking, and credential management software, today announced their partnership. Through this strategic partnership, the health services market now has access to a complete end-to-end solution uniquely designed to provide support for all of their hiring and people management needs. “With the recent release of the proprietary Viventium Onboarding module, we wanted to couple it with a health-services-specific employee sourcing and applicant tracking option for our clients,” said Dan Neuburger, Viventium CEO. “Given our shared focus on health services, Apploi is the perfect choice to help us address the struggle with finding talent that so many of our health services clients are challenged with.” This collaboration between the Viventium and Apploi teams provides Viventium clients with healthcare-specific job board targeting, e-documentation, license verification for nurses, credential management, and a seamless API integration with Viventium Onboarding and Payroll. "Viventium and Apploi often assist the same base of healthcare owners, operators, and employees, so naturally we’re very excited to join forces and provide an even better customer experience,” said Adam Lewis, Apploi CEO. “Combining our strengths, including Viventium’s deep expertise in payroll and business management, lets us do more. Together we’re simplifying recruiting and onboarding as well as helping create a stronger ongoing relationship between employer and employee." **Viventium Recruiting and Applicant Tracking** *powered by Apploi* is now available.
